LOCATION
Lahore, Pakistan

EDUCATION

BS Information Engineering Technology
The University of Lahore
2024 – Present

CGPA 3.89

TECHNICAL SKILLS

Languages
Python 3.12+ · Dart · JavaScript · TypeScript · SQL · C++

Frontend & Mobile
React · Flutter · Streamlit · Tailwind CSS · Vite · HTML5/CSS3

Backend & APIs
FastAPI · Pydantic · Node.js · WebSockets · REST · MySQL · MongoDB

AI & ML
Gemini API · Gemma 4 · OpenAI API · Ollama · Groq · Prompt Engineering

Tools
Git/GitHub · VS Code · PowerShell · VMware (Linux)

CERTIFICATIONS

Python & Full-Stack Web Development certifications

CS & algorithms coursework — University of London, University of Leeds (Coursera)

HTML, CSS & JS for Web Developers — Johns Hopkins

PROFILE

Information Engineering Technology student and developer specializing in AI-driven microservices, full-stack web and mobile development, and LLM integrations. Builds real-world applications with FastAPI, React, Flutter and both hosted and local generative AI models, with a proven track record in nationwide hackathons, open-source work and campus leadership.

FEATURED PROJECTS

SafePath AI — Disaster Response Platform — Alibaba Cloud AI Hackathon · 2026
Solo-built intelligent evacuation and disaster-mitigation platform with real-time data streaming and AI model endpoints; presented at the hackathon's regional evaluation.
React · FastAPI · WebSockets · AI APIs

DreamVerse AI — Life-Simulation Web App — Live · dreamverseai.netlify.app
Immersive web app with a 3D world, an AI mentor (Nova), goal roadmaps and XP; deployed with Netlify, Render and MongoDB Atlas.
React · Vite · Tailwind · Three.js · Node.js · MongoDB · Groq

Study Buddy — AI Learning Assistant — Hacktoberfest Hack Day Lahore · 2026
Flutter mobile app using Google Gemma 4 via the Gemini API for automated note synthesis and dynamic quiz generation. Awarded the DEV Attendee Badge.
Flutter · Dart · Gemma 4 · Gemini API

SkillForge — Open-Weight Agent Harness — Open source · 2026
Co-developed a tool that generates structured SKILL.md files using local Gemma open-weight models.
Python · Gemma · Ollama · pytest

Smart Utility Bill Analytics Engine — Women Tech Quest · 2026
Automated document extraction and multi-turn query system for unstructured utility invoices.
Streamlit · Gemini 3.5 Flash-Lite · Pandas

Customer Sentiment & Insight Microservice — Skkillo AI Challenge · 2026
Asynchronous sentiment-analysis and intent-classification backend.
FastAPI · Pydantic · OpenAI API

EXPERIENCE

Generative AI Intern · TechNova — Jul 2026 – Present
Python Programming Intern · Decodelabs (Remote) — Jun – Jul 2026
Volunteer Field Assistant · World Health Organization — May 2026
IT Summer Intern · BugsLink TECH — Jul – Dec 2025

FELLOWSHIPS, HONORS & LEADERSHIP

- **Honhaar Scholarship (2026)** — merit-based award for top academic performance.
- **Alkhidmat Fellowship & Internship (2026)** — 6-week program in prompt engineering, software product design and tech entrepreneurship.
- **TEDx The University of Lahore — Operations Team (2026)** — event logistics, attendee management and venue execution.
- **Aspire Leaders Program Scholar (2026)** — global leadership and critical-thinking cohort.
- **Competitions** — 1st Place, Omecta Quiz Competition · 6th Place, International Essay Competition.
